WOW ! What a awesome response. Thanks everybody for your support. Within 40hours we got 426 subscriptions to the flight. Totally awesome! So we won this bet with KLM. Which means, we got our own private jet direct from Amsterdam to Miami with #Fly2Miami.

**Sherri-Lyn Wilson** They're sanding along with all of that, right? My son's school bus has been hit once this year already, and could easily have been again this morning.

**Krista Bailey** The Tell Place cul de sac hasn't seen a grader yet this winter season. I phoned a couple weeks ago (and I wasn't the only one) and was told it would be added to the list. Its frustrating when the graders are always going down Arens Rd, but never turn to do the short little street. Come spring time we will all be gettin...

**Jennifer Lynn Hatton** City of Regina - I don't know if you can help with this, but is there any way of getting the huge snow ridge removed from Turgeon Crescent in front of McVeety School - the buses can't get through (barely an inch on either side) and people are making rude gestures, as it's only one vehicle can get through at a time. Someone has already taken out one of the parking sign. It's super dangerous for our kids and for the buses. X
